Real Estate Lawyer

Hello - can anyone recommend a good real estate lawyer in Brooklyn? We are both buying and selling apartments.

We've used Philip Lavender at Marcus Attorneys. Nice, down-to-earth guy. Will spend lots of time on the phone with you. Fees are reasonable.

I used Ray Pecoraro - he was great. It was a first-time home buying experience for me, and he was a perfect fit. A friend had reccomended him, he'd done work for a few generations of his family.
